THE FAIR. — The storm yesterday was a benefit rather than a detriment. The gathering at the track was large, and everything went off in a pleasant, interesting manner. Before the hour of noon the vehicles running to the grounds were loaded with passengers, and the travel increased rapidly until 3 in the afternoon. Private conveyances lined the road, and all those who could possibly leave town were spinning along the nice driveway leading to the track. The sun broke through the clouds early in the afternoon, and the atmosphere was pleasant and invigorating. Many faces were noticeable that were not observed on the first day, but the threatening appearance of the heavens in the morning no doubt deterred many from leaving their homes. The indications last night were favorable for fine weather to-day, and if old Sol shows his familiar face, the crowd at the track will be much larger than on any preceding day. Just enough rain has fallen to place the track in excellent condition, and the road leading to the grounds could not be in better shape. The Pavilion is gradually filling up, and next week it will show at its best. The second floor presents a grand appearance, and under bright electric light will show up magnificently. A large number of Nevadans who have been taking in the California Fair are returning home, many of whom will remain here until the exhibition is over. The town is lively at night, and the saloons are crowded. Games of every description are running until the wee hours of the morn, and the jingle of money, the rattling of ivory, the piano and violin and the cracked voice of some singer, that would drive a frog from a mud puddle, can be heard on every hand. These things are not unusual, as they are invariable accompaniments of a large gathering anywhere. The prospects for a successful exhibition could not be brighter, and next week Reno will be alive with people and the excitement will be at its height.

SECURE SEATS IMMEDIATELY. — The celebrated Webster-Brady Dramatic Co., will make their first appearance before a Reno audience, on Monday evening next, September 26th. It is a company that comes to us highly recommended by the eastern and western press. Their opening piece will be Dion Boucicault's greatest dramatic success "After Dark," which will be produced in a style of splendor and every attention will be paid to details; so our people can look forward this coming week to dramatic entertainments of a very high order. Webster & Brady will be supported by Misses Charlotte Tittel, Laura Biggs, Margaret Marshall, Nellie Dozier, Miss McConnell, West, Randolph, Stevens Mulberry, and last but not least the greatest child actress in the world, little Winnie Tittel. This wonderful child will appear in "After Dark." The sale of seats is now on at the Postoffice, and although the expense attending such an excellent organization is enormous, the manager has decided not to make any advance in prices.

A CHILD BURNED TO DEATH. — On Tuesday evening, Sept. 13th, the youngest child of Bob Berry, of Candelaria, was burned to death. The parents were away from home and the child, a baby of less than a year old, while playing with its brother, a boy about nine years of age, got some kerosene on its clothes. Unfortunately there were some matches within its reach and while lighting them the baby set its clothes on fire. The little boy courageously dragged the child out of the house and put out the fire, receiving some severe burns in its attempt to save the little one, but before he succeeded in subduing the flames, enough injury had been done to cause death in a short time.

LADIES' TOURNAMENT. — For the benefit of visitors at the track the colors to be worn by the ladies in the tournament are given as follows: Miss Della Kaine, white; Miss Alice Noyes, green; Miss Carrie McIntosh, yellow; Miss May Savage, old gold; Miss Cora Ferguson, dark blue; Mrs. J. A. Elliot, light blue; Miss Leona Raneous, scarlet; Miss Nettie M. Winters, pink.

The first section of the overland yesterday morning contained five cars of fruit, mail and express. The second section, two hours late, six Pullman sleepers and six coaches. Travel is very heavy.

PERSONAL.

—Dick Kirman arrived yesterday. —State Controller Hallock is visiting Reno. —J. N. Evans was resting easy yesterday. —Lew Wines, of Washoe valley, is quite ill. —D. Circe, of Carson, was in town yesterday. —Orrin Ross is the boss melon-raiser of this valley. —Governor Stevenson is here looking at the display. —R. L. Edwards, of Virginia, came down yesterday. —County Commissioner, George Bird, of Elko, is in Reno. —Sheriff Donovan, of Storey, was at the track yesterday. —W. H. Oliver, of Virginia is here taking in the races.

—Thomas Nelson, of Humboldt county, is in Reno. —Frank Monchamp, of Surprise Valley, arrived here yesterday. —D. C. Wheeler returned from his northern possessions yesterday. —Sheriff Ullrick, of Ormsby county, was among the arrivals yesterday. —Fred Dangberg, of Douglas county, was circulating among his Reno friends yesterday.

—Mrs. R. B. Kendall, of Virginia City, is visiting Reno as the guest of Mrs. Bradshaw. —Col. Berry, of Janesville, Texas, is visiting the Pacific Coast and taking in the races at the Fair Ground.

—Mrs. Governor Stevenson and her assistants are taking a deep interest in the exhibition at the Pavilion. —Miss Lillie Putnam, of San Francisco, but a Western Nevada girl, passed through yesterday for Carson.

—Engineer Geary left for Sacramento last night to bring up an engine to run between Truckee and Wadsworth.

—Mr. and Mrs. E. W. Crutcher and Miss Annie, of Paradise Valley, arrived here on Wednesday evening and will remain here during the Fair.

Jim Clark, proprietor of the Depot Hotel, Elko, and an old time resident of Washoe county, is in Reno. His daughter, Hattie, arrived last night.

HAZEL KIRKE. — The Webster-Brady Dramatic Company played to a splendid audience at the Athenium, Tuesday evening. The piece presented was Hazel Kirke, the wide reputation of which is the smallest part of its well-merited success. The company is a new one but is composed of many well-known artists. The cast is a good one and the production was smooth. The leading part, that of Hazel Kirke, was taken by Miss Charlotte Tittel. She is a charming little actress and wears well with the audience. She cannot be said to capture her auditory by storm, but before the ending of the piece has received liberal proof of their approval. Geo. P. Webster as Dustin Kirke, the miller and the father of Hazel, and Wm. A. Brady as Pittacus Green, are ornaments to their profession. Webster has improved much in his style since his first appearance here. Brady, as Pittacus Green, scored a success. Miss Laura Biggar, as Dolly Dutton, was not more than half way by the audience in their efforts to show their appreciation. She possesses a voice of matured sweetness and power and has it well under cultivation. The rest of the people are good. So says the Santa Rosa Democrat.

HOME PATRONAGE. — Every merchant in Reno is now supplied with a complete stock of everything in their respective lines of trade and offer fine inducements to those who visit Reno during the Fair. The people of Reno who are in the habit of sending away for supplies will consult their own interest by calling on our merchants and examining their stock.

They send to the Bay innumerable of the fact that they are patronizing those who pay high rents and are also contributing to the welfare of those who are not interested in our town and who do not pay one cent for its support. Spend your money where you make it and encourage those who pay their taxes for the support of the town in which you live.

Goods of every description are arriving from the Bay daily and a good selection can be made. All those who come here during the Fair will do well to canvass Reno and make their purchases. Square weights, fine goods and reasonable figures are assured. Don't throw off on home merchants.

BEATS THE LOUISIANA LOTTERY. — For the next sixty days all those who purchase one dollar's worth of groceries at Havenor's Cash Store will receive a ticket in a drawing for a fine gold watch.

This is certainly a liberal proposition and all groceries sold at this establishment are fresh and of the best quality, and are disposed of at the lowest retail price. All goods are warranted and if not as represented the purchase price will be refunded. Go and take your chances in the watch.

HEADQUARTERS RENO DIVISION No. 2, U. R. K. of P., RENO, Nevada, September, 21, 1887.

A SINGULAR OCCURRENCE. — An Oak land man a few days ago went over to the city with \$15 in his pocket and on his arrival at San Francisco drew \$15 for the purpose of purchasing goods to take home. After he drew the last amount he had no recollection of what transpired until he was aroused by the conductor calling for tickets when the train was approaching Reno. He at once recovered his senses, found he had a check in his hat for some point further east and three short bits in his pocket. He is a man who does not drink, and cannot account for his arrival here or what transpired after receiving the \$15 in San Francisco. He left the train here on Monday morning met friends who are well acquainted with him and his family in Oakland and from whom he received money to make the return trip. He left for home Monday night still wondering how he got to Reno.

THE LATE GOVERNOR'S LOVE AFFAIR. — Governor Bartlett had a love affair early in life, and, not being able to marry the one of his affections, he always remained true to her. At the time Washington Bartlett was a young journalist in Tallahassee, Florida. The object of his affections was Miss Annette Buckel, so the romantic history goes, his cousin, and now a prominent doctor in Oakland. She had scruples against being united in matrimony to her first cousin and the love affair was consequently never consummated. Each drifted his or her way though never widely separated, he to end his career as Governor of the State of California, and she to build up a lucrative medical practice in Oakland.

—Fred Dangberg, of Douglas county, was circulating among his Reno friends yesterday.

—Mrs. R. B. Kendall, of Virginia City, is visiting Reno as the guest of Mrs. Bradshaw.

—Col. Berry, of Janesville, Texas, is visiting the Pacific Coast and taking in the races at the Fair Ground.

—Mrs. Governor Stevenson and her

assistants are taking a deep interest in

the exhibition at the Pavilion.

—Miss Lillie Putnam, of San Fran-

cisco, but a Western Nevada girl, passed

through yesterday for Carson.

last night to bring up an engine to run

between Truckee and Wadsworth.

—Mr. and Mrs. E. W. Crutcher and

[Orders No. 6.]

The meeting of Reno Division No. 2,

U. R. K. of P., is hereby postponed

from Friday, September 23, 1887, to Fri-

day, October 14, 1887.

W. L. BECHTEL,

J. F. AITKEN, Sir Knight Captain.

Sir Knight Recorder.

The people of Reno and vicinity are

now offered a good opportunity to have

an excellent portrait made of any style

or size, and at very

BREVITIES.

Bicycle race to-day.
Great day at the track.
The pacers go to-morrow.
The Harris mine is looking well.
It will be red-hot here next week.
Silver Star District is getting lively.
Who will get the President's medal?
Work in Six-Mile Canyon is booming.
Every train brings new faces to the town.
Work at the Pavilion is progressing rapidly.

All the room for stock, at the Fair Grounds, is chock full.

Nearly all of Washoe county will be here to witness the races.

The ball game at Truckee Sunday promises to be a "buster."

The Mount Christo mill was shut down for repairs last Saturday.

Milt. Polk, is here from Hailee, Nevada, with a lot of show cattle.

Pete Oleson is now thought to be in the Cascade mountains, Oregon.

The people are still gathering in, and fall in love with Reno at first sight.

All the visitors so far are favorably impressed with Reno and its future.

Ex-Governor Adams is having his Carson residence put in thorough repair.

There were 70 head of fine show horses on the track yesterday morning.

There are more horses coming from Sacramento. What shall we do with them?

The man who was cornering tie cans at Washoe City, has retired from the business.

More than 50 race horses were at the track yesterday morning [and many others to come].

The Richmond mine, at Eureka, shipped bullion valued at \$24,608 77, on Monday last.

The ladies will ride this morning. There are eight of them after those handsome prizes.

El Harris has struck a ledge of pure honey, in Washoe county. He says he can supply the world.

One of the faro games, at Tuscarora, went broke on last Saturday night, but resumed again the next evening.

The miners who come to the Fair Tuesday will have the pleasure of witnessing a fine balloon ascension.

Don't fail to visit the School for Girls and the State University. Our schools are as good as any on this Coast.

The trial of Leman for murder committed at Lake Valley some weeks ago, commences at Genoa on Monday next.

The pavements of Virginia are being repaired with silver ore. When the mines are played out they can raise a boom on sidewalks.

Bad gin is getting in its work. Every morning individuals can be seen leaning up against a fence or an awning post yelling "New York."

If the State of Nevada is particularly voted for any production in the agricultural line, it is for raising good spuds, and lots of them to the acre.

The ladies from Carson are still busy arranging their display at the Pavilion, and when finished will add greatly to the appearance of the Pavilion.

Joe Douglas, the Comstock capitalist, was fined \$100 and sentenced to jail for 24 hours Wednesday afternoon, by Justice Kehoe, for contempt of court

Over 100 styles of brushes including hair, cloth, hat, tooth, hand, bath, nail, bottle, shaving, etc., etc., for sale at Fassett's drug store at city prices. *

Bob Parry presented a Vermont friend, when passing through that State, with a fine gold-headed cane. He was also generous to a Pullman car porter, on the road.

There were 74 head of show cattle at the track yesterday morning. This is a better display than was ever made before, and this number will be increased before the week is over.

At Stockton, September 18, Jacob Stevens cut John Talbot in the neck, severing the jugular vein. Talbot died almost instantly. In telling of the deed Stevens said Talbot was "too dead to skin."

The ore which was shipped down to San Francisco for a working test from the mines of the Esmeralda Consolidated at Aurora ran up as high as \$529 per ton. The latest news from this camp is most favorable, and the prospects of the company were never brighter.

The loss of the Central Pacific Railroad Company by the burning of its depot, at Battle Mountain, is estimated at \$10,000; that of the Nevada Central at \$900. The Pittsburg Mining Company, at Lewis, Lander county, had a hoist engine in transit destroyed.

BREVITIES.

Reno is in her glory.
All the streets are being repaired.
Everybody is satisfied with the Fair so far.
The Orphans' Home makes a fine display.
All our merchants are busy unpacking goods.
The vegetable display comes in very slowly.
The second floor of the Pavilion looks magnificent.
If you want to see Nevada spuds go to the Pavilion.
The fountain and floral display at the Pavilion is fine.
Hay teams are moving through town in every direction.
Mrs. Roff is doing a fine business at her new restaurant.

Subscribe for the JOURNAL if you want a live local paper.

Go and see the weaving machine at the Pavilion in operation.

The new Chollar mill will start up about the 15th of next month.

The programme at the track to-day ought to attract a large crowd.

A large force of workmen are employed about the Chollar mine and mill.

There has not been a man sent to the Truckee jail since the "601" threat.

The ladies' grand Tournament will be the leading feature at the track to-day.

The electric light men were busy yesterday putting lamps in the Pavilion.

Do not fail to see the quarter of a mile bicycle race. It will be a stunner.

Some fine specimens of ore are being found in the vicinity of Grantsville, Nevada.

There are three cases of remittent fever at the Brunswick mill on the Carson river.

The morals of Reno are improving. There has not been a man sent to jail for 10 days.

J. T. Longabaugh has a fine assortment of carriages at his establishment on Virginia street.

The bony exhibit at the Pavilion is superb. Bees can be seen at work manufacturing the article.

Ex-Governor Blasdell will dispose of a portion of his mine at Rockland to San Francisco parties.

Of all the schools in the State, none but the Orphans' Home have anything on exhibition at the State Fair.

Pinands Eau de Quinines and Sue de Saucie soap, with many other fine toilet articles, sold at Fassett's drug store. *

Now is the time for visitors to make their purchases. All the stores in town are filled with a fresh invoice of goods.

General P. E. Connor, formerly of Eureka, has bought a mine located near Oroville, Butte county, Cal., for \$80,000.

Frank Dorman, of Rye Patch, came in Wednesday night to take in the Fair. He says his mining property in that section is looking well.

The ladies of the W. C. T. U. are prepared to give to the visitors at the Pavilion a good cup of Coffee and sandwiches for 10 cents.

Judge Webster has removed from his rooms adjoining the JOURNAL office, and has taken up quarters in the First National Bank building.

Where are the displays of advancement in drawing and other works of our schools in the town and country? They are not on exhibition at the Fair.

Charles Kanrob is busy fixing up his mill at Jefferson, Nye county, and he will, in the near future, make regular shipments of silver and gold bullion.

On Sunday Pat Shannon was arrested at Hawthorne on complaint of John Bradyner for assault with a deadly weapon, in a dispute over a mining claim.

The Consolidated California and Virginia Company shipped seventeen bars of bullion Wednesday night, valued at over \$68,000. They were the admired of all admirers.

The State Fair is a good place to show up the results of practical training in public schools. Specimens of writing, drawing and map making would attract the attention of visitors.

J. B. Francis will distribute 500 neat little bottles of Weiland's famous beer to the ladies who visit the Pavilion as souvenirs. They are cute bottles and will look pretty anywhere.

The Alice, one of the most important mines in Butte City, Montana, has been closed down. It took the bulk of the profits of the mine to pay the freight on salt demanded by the railroad.

Parties have arrived at Rye Patch from San Francisco to take charge of the Humboldt Queen mine. It is their intention to sink a shaft to tap the old workings. There is an abundance of ore now in sight.

F. Barber and son, of Eagleville, arrived here yesterday and report that J. N. Jaquish, the freighter, had his hip broken by a kick from a mule at Buffalo Station on his out-going trip two weeks ago, and will be laid up for some time to come.

THE STATE FAIR.

Second Day—Bad Weather—The Races—To-day's Splendid Programme.

The rain-storm of Wednesday night and yesterday forenoon was the usual damper on the Fair, but did not do much harm, and assures us very good weather for next week. At the track the balloon ascension was a fizzle, the rain of the night previous having made the canvas too heavy. Prof. Monroe will do it successfully to-day.

The mile running race was won by May Blossom, Lige Clark second, Rock third; time 1:52%.

The 2:50 trot was won by Reno Belle in three straight heats, Sparkle second, Jack third, Nick and Johnny Golong being distanced in the first heat; time 2:43, 2:42, 2:45.

The free-for-all trot was won by Wallace G., Col. Hawkins winning the first heat of the four, Victor getting third money; time 2:37, 2:31, 2:30%, 2:34%.

TO-DAY'S SPORT.

The ladies' tournament will take place at 12:30, sharp.

The balloon will go up at 1 o'clock.

The quarter of a mile bicyclo race will be at 1:15, between Claude Jaques, Eugene Lee, Will Murray and Eddie Graff.

The first race will be a half-mile, red-hot dash, between Lookout, Sleepy Dick, Delta Walker and Grey Eagle.

The second will be a red-hot dash of five-eighths between May Blossom, Lige Clark, Panama and Al. Farrow.

There will be a 3 in 5 trot between Alf. Hill's William P., E. L. Hubbard's Johnny Golong, Smith Hill's Nick, Abraham's Pete and Frank Dodd's Hattie.

The Brown's Hope.—The Stewart mill, near Alida, has been idle for some time, but will soon begin crushing rock from the Brown's Hope. This mine is owned by R. H. Stewart who has leased it to Upton Tracy, Peter Keyser and Thomas Carter, old residents of Alida. The Brown's Hope is one of the oldest locations in Alida, and is still regarded as one of the best in this section. A great deal of very rich rock has been taken out, and several people have made money out of it. It was owned by J. B. Hiskey at one time and yielded well to owner and lessees.

Like most old mines, this mine has seen ups and downs and after giving stakes to several people became almost an abandoned property. It will now probably renew its prosperous youth. So says the Walker Lake Bulletin.

THE ORPHAN'S DISPLAY.—Mrs. M. E. Jones, teacher at the State Orphan's Home, arrived in Reno yesterday and brought with her a fine display of work made by the children of the Home. It occupies quite a space on the upper floor of the Pavilion and should be an interesting feature to all who attend the Fair; the display consists of clay moulding, which is formed with a stick, crochet, etching, drawings and other work which an experienced person might well be proud of. All of the work was done by children under fourteen years of age, and is a credit to the State wards.

ENCOURAGE HIM.—Mr. Mitchell, whose father and grandfather were weavers in merry old England, is making his shuttle fly in the Pavilion, and will give the visitors a chance to take home with them some handsome souvenirs of the Fair, in the shape of beautiful bed spreads. With a little encouragement, he would continue the work in Reno. Should he start, the nucleus formed might result in power looms, and other manufacturing interests.

THE PAMlico.—The Walker Lake Bulletin says the work on the Pamlico has resulted in some exceedingly favorable indications, and there will probably be developed a permanent mine. In the meantime the rich rock has again made its appearance and there will soon be enough for a crushing.

CHAT ROBERTS' CONDITION.—Parties in from the north report Chat Roberts' ankle, recently crushed by a vicious horse, in a bad condition, the bones being badly out of place. His foot and ankle are badly swollen and festering. His friends have serious fears of blood poison.

FINE SPORTS.—There are but very few ducks on Washoe lake. The Virginia sports went down there just as soon as the law went out of effect, and took boats and killed all the young ducks with clubs. They couldn't fly and they got away with all of them. Fine sports.

A MERITORIOUS DISPLAY.—O. Hartung, the proprietor of the Palace Bakery, is making a grand display of the products of his establishment. The great variety of tid bits and candies displayed, will rival the efforts of any establishment of the largest city.
